Treasure Coast Regional Planning Issues Group – Growth Management

February 13, 2009 – 10:00 a.m. to 2:00 p.m. (Tentative)

School Board Training Room

0169.1 PUBLIC PARTICIPATION AT BOARD MEETINGS.

The Board recognizes the value to school governance of public comment on educational issues and the importance of allowing members of the public to express themselves on school matters of community interest. In order to permit the fair and orderly expression of such comment, the Board shall provide a period for public participation at those public meetings of the Board during which action may be taken and provide rules to govern such participation in Board meetings. The Chair of each Board meeting at which public participation is permitted shall administer the rules of the Board for its conduct.

The Chair shall be guided by the following policies:

(1) **Time Limit.** Public discussion, not to exceed one (1) hour, may be scheduled or unscheduled. The Board may, from time to time, waive certain procedural requirements to allow greater public participation in Board meetings. Any waiver, regardless of how frequently made, shall be narrowly construed and not cited or used by other parties seeking to invalidate such procedures or otherwise avoid their impact. Attendees shall register their intention to participate in the public portion of the meeting with the Board clerk.

(2) **Scheduled Appearances.** In scheduled appearances, any person or group shall be allowed fifteen (15) minutes for the purpose, provided such appearance has been placed on the agenda. Hearing procedures for formal argument and presentation are governed by Bylaw 0169.1.

(3) **Unscheduled Appearances.** In unscheduled appearances, any person or group who has not made previous arrangements to be placed on the agenda may be heard for not more than three (3) minutes for an individual or group, provided there is time remaining in the public discussion.

(4) **Remarks Directed to the Board.** When several members of the public or several members of a group share similar opinions on the same issues, a representative, rather than all the members, should address the Board. Persons addressing the Board shall speak into a microphone and direct their remarks to the Board. Staff members shall not be expected to answer questions from the audience unless called upon by the Chair or the Superintendent.

(5) **Board Action.** Board action will not be taken on requests made during unscheduled appearances during the public discussion period until a later meeting unless the Board declares the matter to be an emergency.

*possible action

NOTICE OF RIGHT TO JUDICIAL REVIEW

A party who is adversely affected by this Final Order is entitled to Judicial Review pursuant to Section 120.68, Florida Statutes. Review proceedings are governed by the Florida Rules of Appellate Procedure. Such proceedings are commenced by filing one copy of a Notice of Appeal with the School Board Clerk and a second copy, accompanied by filing fees prescribed by law, with the District Court, Fourth District. The notice of appeal must be filed within 30 days of rendition of the order to be reviewed. Rendition is defined as the filing of the Final Order with the Clerk of the School Board of Martin County, Florida. The agency shall accurately and completely preserve all testimony in the proceedings, and, on the request of any party, it shall make a full or partial transcript available at no more than actual cost.

Accommodations are available for persons with special needs. Please call 219-1200 X 425 for assistance

July 21, 2008

Dear Parent:

Our schools are committed to providing a high-quality educational program for your child. We are working hard to provide programs to help all students succeed in our school district. Your child attends J.D. Parker School of Science and Technology, which receives federal Title I funds to provide additional opportunities for your child to meet state achievement standards in reading, writing, and mathematics. In the 2008-2009 school year, your child's school did not make Adequate Yearly Progress (AYP) for more than two years in a row and was identified by the state as a *School in Need of Improvement*. Even though JDP earned an "A" school grade for the last six years because sufficient numbers of students were successful on the FCAT, the school did not make AYP for the 2007-2008 school year and will implement a Restructuring Plan designed to help all students meet proficiency on the FCAT assessment according to No Child Left Behind law sanctions. For this reason, the state has identified your child's school as a *School in Need of Improvement*.

There are eleven elementary schools in Martin County School District and J. D. Parker is one of eight that did not make AYP. If you would like more information regarding your child's school and how it compares to all schools in the district, please contact Title I Office at 219-1200, ext. 30278 or visit the Florida Department of Education's website at <http://schoolgrades.fldoe.org/>.

The school district is committed to providing exciting new programs at your child's school that will make the 2008-2009 school year more successful. Some of these programs include the following:

- JDP will contract with a consultant who will provide a multifaceted approach to address all identified AYP subgroups. The approach includes multiple activities that support the implementation of hands-on, authentic and in-depth instruction to increase students' retention of concepts.
- Increase the after school tutoring for students performing below proficiency levels.

This past school year the school district met with J. D. Parker Schools' teachers, staff, administration and parents to design a restructuring plan. This school year the school will implement the restructuring plan in an effort to have all students meet proficiency levels on the FCAT. The major components of the plan are described in the bullets above.

We invite you to become more involved in your child's school by:

- attending Parent Teacher Conference nights and PTO family night events
- volunteering in classrooms
- reviewing and signing your child's daily agenda and homework folder
- communicating on a regular basis with your child's teacher
- making an appointment with a certified teacher at the parent resource center to learn effective strategies for working with your child/children at home

Based on the AYP status of your child's school, your child is eligible to transfer to another public school in the district that is not in need of improvement, and the district will provide transportation to that school. Should J. D. Parker meet AYP in the future, transportation to another public school will be provided by the parent. You may wish to transfer your child to one of the following schools:

- * Hobe Sound Elementary School – 07 – 08 School Grade "A"
- * Warfield Elementary School – 07 – 08 School Grade "A"
- * Sea Wind Elementary School – 07 – 08 School Grade "A" for **grade 5** students only

If you choose for your child to remain at J.D. Parker Elementary School, he or she may be eligible to receive free tutoring or supplemental educational services (SES) after school if you qualify for free and/or reduced lunch. You will have an opportunity to apply for these services in August by attending one of three provider fairs in the district where you will have an opportunity to meet with tutoring providers. Notification of these provider fairs will go home with your child during the month of August and the dates and times will be advertised in local newspapers. Also, you will receive a phone call just prior to your school's fair from the school principal. In addition, a list of providers will be mailed to your home with the letter that lets you know that your child is eligible for these services.

If you would like for your child to transfer to one of the schools listed above or if your child qualifies for supplemental educational services and you are interested in those services, please complete the attached application and return it to the Title I office either in person, by fax at 772-219-1232 or by US mail to the Martin County School District Title I Office at 500 East Ocean Blvd., Stuart, FL by August 8, 2008. This application must be sent to the Title I office **prior to** going to the school to register. Once we have received this application you will be sent a clearance form letting the chosen school know that you have been cleared for registration. You **must** have the clearance form and all other required registration documents in order to register at the choice school.

Thank you for cooperation and if you have any additional questions regarding your options, please call the Title I office at 772-219-1200 ext. 30278.

Sincerely,

Sara A. Wilcox, Ph.D.
Superintendent

Dear Parent:

Our schools are committed to providing a high-quality educational program for your child. We are working hard to provide programs to help all students succeed in our school district. Your child attends Indiantown Middle School (IMS), which receives federal Title I funds to provide additional opportunities for your child to meet state achievement standards in reading, writing, and mathematics. In the 2007-2008 school year, your child's school did not make Adequate Yearly Progress (AYP) for more than two years in a row and was identified by the state as a *School in Need of Improvement*. Even though IMS earned an "A" school grade for two consecutive years because sufficient numbers of students were successful on the FCAT, the school did not make AYP for the 2007-2008 school year and will implement a Restructuring Plan designed to help all students meet proficiency on the FCAT assessment according to No Child Left Behind law sanctions. For this reason, the state has identified your child's school as a *School in Need of Improvement*.

There are five middle schools in the Martin County School District and IMS is one of the five that did not make AYP. If you would like more information regarding your child's school and how it compares to all schools in the district please call the Title I office at 219-1200 ext. 30278 or visit the Florida Department of Education's website at <http://schoolgrades.fldoe.org/>.

The school district is committed to providing exciting new programs at your child's school that will make the 2008-2009 school year more successful. Two of these programs include the following:

- International Baccalaureate Program is a fundamental reform model that is designed to assist students in participating actively and responsibly in a changing and increasingly interrelated world. All teachers at the school will participate in this training so they may provide students with a more challenging curriculum to address academic improvement.
- Scientific Learning Reading Assistant software combines advanced speech recognition technology with scientifically-based interventions to help students strengthen their reading fluency, vocabulary, and comprehension.

This past school year the school district met with Indiantown Middle School's teachers, staff, administration and parents to design a restructuring plan. This school year the school will implement the restructuring plan in an effort to have all students meet proficiency levels on the FCAT. The International Baccalaureate Program described above is the major component of the plan.

We invite you to become more involved in your child's school by:

- attending parent conferences and family nights
- participating in the School Advisory Committee (SAC)
- making an appointment with a certified teacher at the parent resource center to learn effective strategies for working with your child/children at home

July 21, 2008

Dear Parent,

Our schools are committed to providing a high-quality educational program for your child. We are working hard to provide programs to help all students succeed in our school district. Your child attends Port Salerno Elementary School, which receives federal Title I funds to provide additional opportunities for your child to meet state achievement standards in reading, writing, and mathematics. In 2007-2008 Port Salerno Elementary school did not make Adequate Yearly Progress (AYP) for meeting the state proficiency standards and is identified by the state as a *School in Need of Improvement* until they make AYP for two consecutive years. Even though Port Salerno Elementary School earned an "A" school grade for the last four years because sufficient numbers of students were successful on the FCAT, the school is still identified by the state as a School in Need of Improvement – Year Three and remains in corrective action status of the No Child Left Behind law sanctions. The state has identified your child's school as a *School in Need of Improvement*.

There are eleven elementary schools in Martin County School District and Port Salerno is one of eight that did not make AYP. If you would like more information regarding your child's school and how it compares to all schools in the district, please contact the Title I Office at 219-1200, ext. 30278 or visit the Florida Department of Education's website at <http://schoolgrades.fdoe.org/>.

The school district is committed to continuing to provide exciting new programs at your child's school that will make the 2008-2009 school year even more successful. Some of these programs include the following:

- Differentiated reading instruction
- ELL reading strategy instruction
- Reading/Writing connection

You are also very important to your child's education. We invite you to become more involved in your child's school by:

- attending Parent Teacher Conference nights and PTO family night events
- volunteering at PSE
- reviewing and signing your child's weekly planner
- communicating on a regular basis with your child's teacher
- making an appointment with a certified teacher at the parent resource center to learn effective strategies for working with your child/children at home

Based on the AYP status of your child's school, your child is eligible to transfer to another public school in the district that is not in need of improvement, and the district will provide transportation to that school. Should Port Salerno Elementary meet AYP in the future, transportation to another public school will be provided by the parent. You may wish to transfer your child to one of the following schools:

RE: *Notice of Cancellation*

Dear Contract Administrator:

Your company currently holds a contract with the Martin County School District issued pursuant to Martin County School Board Bid #1007-0-2005/JC for HVAC Controls Maintenance and Installation Countywide with a term that commenced March 1, 2006 and continues through February 28, 2011. However, pursuant to Section 43 of the contract and bid, the term of the contract is subject to early cancellation every twelve months.

The purpose of this letter is to inform you that the School Board of Martin County, Florida hereby exercises its option to cancel your contract with the Martin County School District effective February 28, 2009. This letter shall further serve as notice of termination of contract by the School Board pursuant to both Sections 43 and 26 of the contract.

Sincerely,

Lorie Shekailo, Chairman

NOTICE OF TERMINATION

Dear Board Members and Administrator:

Pursuant to Article XIX of the South Central Educational Risk Management Program ("SCERMP") Bylaws, last approved November 6, 2006, the School Board of Martin County, Florida ("SBMC"), hereby gives notice of its intent to: i) withdraw from the SCERMP consortium; and ii) terminate its contractual relationship with the other members under the interlocal agreement governing SCERMP's existence and operation. In accordance with the Bylaw requirements, this notice has been approved at a public meeting of the SBMC and is presented to you in recordable form.

Nancy Kline, Superintendent
